

## **Environmental Policy Statement**

Barnfield Construction Limited operates an Environmental Management System that has gained BS EN ISO 14001 : 2008 certification, including aspects specific to the provision of property investment, development and construction activities. Barnfield Construction Limited recognises its responsibility to manage the environmental impacts of our activities, services in all areas of business and is committed to:

- Meeting all regulations, statutory requirements and standards which relate to its activities.
- Identify potential environmental aspects and subsequent impacts to planned, new or modified activities.
- Minimising its impact on the environment and seeking continual improvement in all areas of work activity for:
  - Protecting and improving the built and natural environment;
  - Preventing pollution and reducing emissions;
  - Improving resource efficiency and reducing energy use;
  - Effective, sustainable and efficient purchase and use of materials;
  - Minimising and effectively managing waste;
  - Avoiding or minimising statutory nuisance;
  - Recognising the company's social corporate responsibilities.
- Set targets and measure these environmental objectives and to minimise impacts, for all identified operating conditions, within a formal environmental management system.
- Ensure environmental responsibilities are communicated within the Company and provide ongoing competence training and awareness to staff that have the potential to cause a significant environmental impact and that persons performing tasks on our behalf are competent to undertake such work.
- Share this policy with and aim to work with, suppliers, contractors and partners who adopt a conscientious approach to environmental issues in terms of their services and products.

When requested the Company will record, co-operate and respond to the views of interested parties including stakeholders, regulatory bodies, clients and the general public.

Copies of the Environmental Policy are made available to all members of staff, suppliers and public.

Copies of the minutes of Management Reviews, or extracts thereof, are provided to individual members of staff in accordance with their role and responsibilities as a means of communicating the effectiveness of the Environmental Management System.

This policy shall be formally reviewed at least annually.
